

M&A Private Equity Mid-Level Associate

The Charlotte, Chicago, Dallas, Pittsburgh & Raleigh offices of McGuireWoods seek a mid-level associate to join its Private Equity M&A practice.

McGuireWoods advises private equity funds and those doing business with them, including institutional investors, independent sponsors, family offices, investment advisers, lenders and portfolio companies.

Our deal work and innovations distinguish the firm as an industry leader, in particular, our national independent sponsor practice and our women in private equity and finance initiative. We maintain a top-tier practice in middle-market M&A and private equity. We add value for clients through vital introductions and referrals of tailored investment opportunities developed through our vast network.

Our lawyers represent funds up and down the capital stack, from early stage venture and growth capital to middle-market and control buyout funds, as well as mezzanine funds and senior lenders providing debt financing for private equity deals. Refinitiv and Bloomberg consistently rank McGuireWoods among the top five M&A firms in the United States and the top 10 private equity law firms in the world for the number of mid-market PE transactions we handle annually. Since first quarter 2019, PitchBook has also recognized McGuireWoods as among the most active law firms in the United States by deal activity.

Over the past five years, we have represented more than 100 private equity funds and their portfolio companies, each with nuanced needs. This volume and diversity of experience aligns with funds' investment strategies, such as control and non-control buyouts, independent sponsor transactions, SBIC, investment fund formation and management, mezzanine finance, and senior and subordinated debt strategies.

Clients come to us for our in-depth skills that cut across legal practice and industry lines. We leverage our resources to assemble teams that bring the know-how each client needs. McGuireWoods' ability to understand industry and sector-specific regulations and trends — notably in the healthcare, energy, food and beverage, life sciences, finance, franchising and technology sectors, among others — and to distill this information for clients, translates into actionable, strategic business advice.

Qualified candidates will have 4-6 years of experience in mergers and acquisitions, with a preference for private equity-led M&A transactions. In particular, candidates should possess the ability to serve as "deal leads" from inception of an M&A transaction to finish, and should be capable of drafting and negotiating transaction documents with partner-level collaboration.
