

Associate General Counsel, Technology and Data Transactions, Memorial Sloan Kettering (MSK)

Company Overview

At Memorial Sloan Kettering (MSK), we're not only changing the way we treat cancer, but also the way the world thinks about it. By working together and pushing forward with innovation and discovery, we're driving excellence and improving outcomes. We're treating cancer, one patient at a time. ***Join us and make a difference every day.***

MSK requires all new hires, volunteers, and vendors who come onsite to provide proof of COVID-19 vaccination. This is based on the COVID-19 vaccines' high level of protection and our shared responsibility in protecting our patients.

Job Description

Do you love working in a dynamic environment and are you passionate about being part of a legal team dedicated to supporting MSK's mission? We have an exciting new opportunity for an **Associate General Counsel, Technology and Data Transactions**, to join our legal team.

YOU WILL:

- Negotiate and draft contracts and provide legal review and advice in support of technology and data resources across the institution to support patient care and research objectives.
- Work closely with leadership in two related business units: the Technology (Digits) Division and the Digital Health, Data Assets and Diagnostics Division.
- Proactively advise on substantive areas of law and be familiar with the impact of regulations, including patient and data privacy and anti-kickback regulations.
- As a member of the MSK legal team, participate with senior lawyers and management to understand MSK business strategies and needs to maximize value. In supporting the business units, review and develop policies, procedures, and training materials.

YOU HAVE:

- A Juris Doctor degree and admission to the New York State Bar.
- A minimum of six to ten years of legal experience in technology, digital health, data and diagnostics transactions, including playing a lead role in the preparation and negotiation of complex agreements.
- Experience with healthcare vendor transactions, including medical device and equipment procurement, health informatics and data products agreements, master technology agreements, software license agreements, software as service agreements, and professional services agreements.
- Experience with data collaborations, data licenses, research collaborations, and strategic investments that are data driven and/or digitally enabled.
- Experience in a law firm and/or in-house at an academic medical center or other health care organization or company is preferred.

Closing

MSK is an equal opportunity and affirmative action employer committed to diversity and inclusion in all aspects of recruiting and employment. All qualified individuals are encouraged to apply and will receive consideration without regard to race, color, gender, gender identity or expression, sexual orientation, national origin, age, religion, creed, disability, veteran status or any other factor which cannot lawfully be used as a basis for an employment decision.

Federal law requires employers to provide reasonable accommodation to qualified individuals with disabilities. Please tell us if you require a reasonable accommodation to apply for a job or to perform your job. Examples of reasonable accommodation include making a change to the application process or work procedures, providing documents in an alternate format, using a sign language interpreter, or using specialized equipment.
