Local Area

The Catskills are made up of four counties: Delaware, Greene, Sullivan, and Ulster, and while each of the four corners of the Catskills has its own unique qualities, there's a consistent sense of Catskill charm in every riverside town, mountain village, or rural hamlet.

In addition to the region's county lines, the Catskills are home to the Catskill Mountains and the 600,000 acre Catskill Park, a mix of private and public lands, as well as the vast Catskill Forest Preserve, a publicly protected area that lends way to outdoor recreation amid mountains, meadows, forests, lakes, and rivers.

You can also stop along the way while traveling down Delaware County's rolling hillsides to pick up something local and delicious from a farm stand, or just to adventure in the great outdoors and/or explore the area's historical legacies. Continue south along Route 23 into the fishing country of Sullivan County and experience not only one of the East's prime fly-fishing destinations, but the former site of one of the world's most famous music festivals: Woodstock.

Farther north in the land of Rip Van Winkle and Greene County, discover everything from rolling hillsides to towering mountains and waterfalls that have inspired countless generations of outdoor adventurers and artists alike.

Attractions in the Catskill Mountains include Resorts World Casino, Lander's River Trips, Bridle Hill Farms, The Museum at Bethel Woods, Pacem in Terris Sculpture Garden, Buck Brook Alpacas, Hunter Mountain Skyride, New York Zipline Adventure Tours, Hudson-Athens Lighthouse, Kaaterskill Falls, Pratt Rock, Catskill Park, Thomas Cole National Historic Site, Windham Mountain Bike Park and Hull-O Farms.

Golf Outing

Join WBASNY members, family and guests at our annual convention play for fun golf outing. This year we will be offering a group golf lesson in addition to the 9 hole play. Two golf courses are located a few miles from the hotel, "Terre Bare", and it's sister property, "Lochmor Golf Course", which is located across the street from Terre Bare. The group lesson is limited to 12 students and registration for same will be on a first come basis. The pros will supply clubs for those taking the lesson, who need only bring their sneakers and a positive attitude. We will have and provide more details about the location and start times, as well as the amount per golfer for both the lesson and the tournaments, based upon the number of players interested as Convention registrations come in to WBASNY Headquarters. Duration: 4.0 hours.

Clean the World - ONE Project

We invite you to join WBASNY as we provide Convention attendees with an opportunity to participate in our annual, hands-on community project, "Clean the World - ONE Project". Clean the World is a non-profit organization that collects discarded soaps, shampoos, conditioners and other hygiene products from more than 8,000+ participating hotels and hospitality partners. Since its inception in 2009, Clean the World has been steadily increasing its services and operations to accommodate rapidly expanding community needs by promoting awareness and donating items as basic as soap for hand washing.

As part of its ONE Project, participants will assemble hygiene kits that will benefit the local community. Our chosen recipients this year for the completed kits is Hope on a Mission, whose mission is to restore dignity with love and grace to homeless, addicted women. Duration: 1.0 hour.
