

## **Assistant General Counsel II, Office of Technology Development**

The Office of Technology Development is staffed by technology transfer professionals with backgrounds in science, intellectual property, and business development. We are seeking an experienced attorney to join our legal team. Do you want to join a world-class hospital and research institution?

### **The Assistant General Counsel II will:**

- Draft, review, and negotiate agreements related to research and development with pharmaceutical and biotech industry partners (both startups and large corporations) as well as other academic medical centers and nonprofit organizations, including Sponsored Research Agreements, Collaboration Agreements, Data Transfer Agreements, Inter-Institutional Agreements, Clinical Trial Agreements, Material Transfer Agreements, and other complex transactions, ensuring compliance with MSK policies and third party obligations.
- Partner with tech transfer colleagues, MSK researchers, and other internal business clients to ensure MSK's intellectual property interests are protected and to generate revenue through intellectual property commercialization.
- Assist in the development of policies, platforms, and procedures for new transactions and business models.

### **You have:**

- A Juris Doctorate (JD) with active bar membership in good standing.
- Approximately 7-10 years of experience as transactional counsel, including healthcare scientific research and development-related agreements. In-house experience preferred.
- Direct experience with drafting and negotiating technology transfer agreements and familiarity with scientific research and pharmaceutical and biotech industry-sponsored transactions and relationships.
- Outstanding written and verbal communication skills, adept at building partnerships and working collaboratively across teams to meet shared objectives, and flexibility to ensure that client needs are met.
- Strong project management and prioritization skills, ability to effectively manage multiple tasks and priorities in a fast-paced environment.
- Exceptional client service skills and professionalism, including discretion, diplomacy, and sound judgment.
- Skill in effective management of direct reports and a strong interest in training junior attorneys and contract analysts.
